PagesJaunes Groupe and the M6 Group announce a strategic partnership in small ads on the Internet

PagesJaunes Groupe and the M6 Group have entered into a strategic partnership on the Internet, in order to jointly develop the annoncesjaunes.fr website. The aim is to make it the multi-segment leader in small ads on the Internet, with a presence in the real estate and motor vehicles segments, and ultimately in other segments, particularly employment. The M6 Group will acquire a 34% holding in the capital of PagesJaunes Petites Annonces, currently a 100% subsidiary of PagesJaunes Groupe, for €16 million by way of an increase in capital.

The annoncesjaunes.fr site currently carries 400,000 advertisements for real estate and motor vehicles¹. This partnership will make it possible to accelerate the development of annoncesjaunes.fr in the dynamic online small ads market in France, thanks in particular to the prominence given to annoncesjaunes.fr on the M6 media, with the aim of rapidly establishing a new benchmark operator in a fast-growing market.

annoncesjaunes.fr is backed by the commercial strength and Internet expertise of PagesJaunes, with 4,000 advertisers recruited as at June 30, 2007 and 618,000 unique visitors² in June 2007. After just six months of operation, annoncesjaunes.fr occupies a significant position in an online small ads market which is set to grow at an estimated annual rate of around 20% between 2007 and 2012³.

The partnership between M6 and PagesJaunes Petites Annonces will benefit both the advertisers and the users of annoncesjaunes.fr, because of the stronger brand awareness resulting from the increased exposure of the annoncesjaunes.fr service on the sites of the M6 Group and the media strength of M6 both in television and on the Internet. The users of annoncesjaunes.fr will also have access to enriched editorial content, including, for example, the tests on turbo.fr. For their part, the users of the M6 sites such as m6.fr or turbo.fr will have direct access to the small ads of annoncesjaunes.fr.

Nicolas de Tavernost, Chairman of the Board of Directors of M6, said: "By taking a strategic stake, the M6 Group is positioning itself in the buoyant small ads market alongside a recognised player. The outlook for growth in the small ads market is being boosted by the rise in the number of advertisers on digital media. The M6 Group will make available the power of its media, brands and content to boost the development of annoncesjaunes.fr."
