M6 Group and PagesJaunes Groupe terminate their partnership in small ads on Internet

In July 2007, PagesJaunes Groupe and M6 Group announced a strategic partnership on Internet in order to jointly develop the annoncesjaunes.fr website, aiming at positioning it as a major player on the real estate and motor vehicles segments.

This partnership was materialised in October 2007 by the acquisition by M6 group of a 34% stake in the capital of annoncesjaunes.fr.

Given the economic slowdown impacting the market segments of real estate and motor vehicles small ads, annoncesjaunes.fr will from now on be integrated in the commercial offer of PagesJaunes Groupe. As a result of this strategic change, M6 Group has sold its 34% stake in annoncesjaunes.fr to PagesJaunes Groupe.
